DR. TOWNSEND'S

SARSAPARILLA.

THE MOST EXTRAORDINARY MEDICINE

IN THE

WORLD.

This Extract is put up in quart bottles: it is six times cheaper, pleasanter, and warranted superior to any sold. It cures disease without vomiting, purging, sickening or debilitating the patient.

Great Spring and Summer Medicine.

The great beauty and superiority of this Sarsaparilla over all other Medicine is, whilst it eradicates Disease it invigorates the Body. It is one of the very best SPRING and SUMMER MEDICINES ever known; it not only purifies the whole system and strengthens the person, but it *creates new, pure, and rich blood*—a power possessed by no other Medicine. And in this lies the grand secret of its wonderful success. It has performed, within the past two years, more than 35,000 cures of severe cases of Disease. At least 5,000 of these were considered incurable. More than

3,000 cases of *Chronic Rheumatism*;

2,000 cases of *Dyspepsia*;

400 cases of *General Debility and Want of Energy*;

7,000 cases of the different *Female Complaints*;

2,000 cases of *Scrofula*;

1,500 cases of the *Liver Complaint*;

2,500 cases of *Disease of the Kidneys and Dropsy*;

3,000 cases of *Consumption*;

And thousands of cases of Disease of the Blood, viz.:—*Ulcers, Erysipelas, Salt Rheum, Pimples on the Face, &c. &c.*, together with numerous cases of *Sick Headache, Pain in the Side and Chest, Spinal Affections, &c. &c.*

This, we are aware, must appear incredible; but we have letters from Physicians and our Agents from all parts of the United States, informing us of extraordinary cures. R. Van Buskirk, Esq., one of the most respectable druggists in Newark, N. J., informs us that he can refer to more than 150 cases in that place alone. There are thousands of cases in the City of New York, which we will refer to with pleasure, and to men of character. It is the best medicine for the PREVENTION of Disease known. It undoubtedly saved the lives of more than

5,000 CHILDREN THE PAST SEASON!

As it removed the cause of Disease, and prepared them for the Summer season.

United States Officer.

Capt. G. W. McLean, of the United States Navy, and Member of the New Jersey Legislature, has kindly sent us the following certificate. It tells its own story :

RAHWAY, January 25, 1847.

A year since I was taken with the *Influenza*, and my whole system was left in a debilitated state. I was induced to try Dr. Townsend's Sarsaparilla ; and after taking two or three bottles, I was very much relieved, and attribute it entirely to the said Sarsaparilla. I have continued taking it, and I find that I improve every day. I believe it saved my life, and would not be without it under any consideration.

G. W. McLEAN, late of the U. S. N.

The following list of names have been selected from thousands that have been cured by using this Sarsaparilla. Many of them were cases that had been pronounced incurable by skillful physicians, and had tried other Sarsaparilla without success. The number of the street is given ; perhaps a few of the persons named may have changed their residences on the 1st of May. It will be seen that many of the names are those of gentlemen of the first respectability and well known :

OAKES & PARSONS

TO THE PUBLIC.

In compiling the Brooklyn Directory for the ensuing year, the subscribers have endeavored by every means in their power, to obtain their information from the most correct and reliable sources, and have spared no pains to render it as free from errors as possible.

The increased population of the city has caused a corresponding increase in the cost of publishing the work; and we have been compelled to raise the price to \$1,00 per copy, in order to make it in any way remunerative. Nor do we think that any will complain, if they take the trouble to compare the present volume with the Directories of other cities, or with the one we published in 1842 at 75 cents. The price has not been increased in the same ratio with the population of the city, or the increased expenditures in compiling and publishing.

That it may be found correct and meet with the approbation of the public, is the sincere wish of the publishers.

THE

BROOKLYN STREET DIRECTORY,

OR,

GUIDE FOR 1847 & 8.

SHOWING THE COMMENCEMENT, POSITION, AND TERMINATION OF EACH STREETS, WITH THE JUNCTIONS AND CROSSINGS OF THE INTERSECTING STREETS, ALSO THE NUMBER OF THE HOUSE AT THE CORNER OF EACH OF THE STREETS.

Where there is no house on the corner, or where the corner house fronts on the crossing street, the number of the house nearest the corner is given. It must be observed that in a considerable portion of the streets, the houses are entirely unnumbered. In those streets the Alphabetical Directory directs you to which of the crossing streets the house you are looking for is nearest situated.

For the information of strangers it may be necessary to add, that the odd numbers are invariably on the left hand from the commencement of each street.

JACKSON'S

PATENT

ENUNCIATOR.

I take the liberty of introducing to your notice a new invention, intended as a substitute for the usual suit of Bells in Hotels, Steamboats, &c.

The frequent uncertainties and many inconveniences arising from the use of Bells as now generally arranged, as well as the attention and expense requisite to keep the same in good condition, need not be specified to any one who has had in his experience to encounter these difficulties. To obviate all these was my design in the production of the "ENUNCIATOR," and I flatter myself that the test of trial and experience has shown that I have been completely successful in the accomplishment of my design, by an invention which, instead of disfiguring the room with long rows of tarnished Bells, is an ornamental appendage to the desk or counter.

Each number in the "ENUNCIATOR" is entirely distinct and independent, and so arranged that a mistake by it is a thing impossible. When the cord is pulled the corresponding number is immediately disclosed, and so remains any desired length of time; at the same instant, also, a signal is given by means of a small GONG, concealed in the works; while the construction of the machine is such that one sufficiently large for five hundred numbers occupies but two and a half by three feet.

It is extremely simple in its construction, and may be attached to the wires used in the old arrangement of Bells.

All orders addressed to the subscriber, or to J. V. D. WYKOFF, 149 Broadway, New York, (where a model may be examined,) will meet with prompt attention.

Yours respectfully,

T. D. Jackson.

Office, 149 Broadway, N. Y. : : Factory, Myrtle c Clason avenue.
